

## WHAT TO BRING (FALL WHITETAIL DEER HUNT)

This list is compiled to help as a reminder to ensure you have everything you need to have a hiccup-free hunt. By no means is it exhaustive or is every item on this list absolutely required. Use at your own discretion. Depending on what part of the season you are hunting, please be aware that very cold temperatures (0° F to -20° F) may be the norm; pack prepared for the worst.

#### **SLO RECOMMENDS:**

- **What you wear in camp is not what you wear when hunting.** Whitetail Deer have an extremely acute sense of smell. Protect your hunt, ensure your hunting equipment is secured from exposure to man-made odours. This includes foot wear, head gear, gloves, jackets, etc.
- *SLO recommends* hunting apparel is properly maintained Scent Blocker© apparel.
- Firearm proficiency is the first step in ensuring a rewarding hunt. Opportunities to harvest whitetail deer vary in distances ranging from 40 yards upwards to 200+ yards. Minimum yardage proficiency is 200 yards.

#### **WHEN YOU ARRIVE:**

- Skull Lodge is food allergy conscientious. Any particulars regarding food allergies must be disclosed at time of booking. **ABSOLUTELY no peanuts, tree nuts or foods containing these substances are allowed on the property** (peanuts, peanut butter, walnuts, almonds, pistachios, cashews, Brazil nuts, etc. are NOT allowed on the premises). If you have questions/concerns please contact us at any time.
- When arriving in camp, be prepared to shoot your firearm to ensure accuracy prior to the hunt. Our on-site shooting range is set up to help ensure your experience is a rewarding one. Bow and rifle targets are available.
